

## THE PUCKER TOTE

The Pucker Tote is a small bag with a drawstring and toggle closure appropriate for hanging on a hook, handle, or knob. This bag was created by Jane Taylor, the Bag Lady, for people with disabilities who need to keep switches, cords, chargers, or other small technology items with their wheelchair or communication device. Pucker Totes measure 7" x 9.5" and can hold AbleNet Jelly Bean Switches or chargers for the Pathfinder, Vantage, or other AAC devices. All bags are washable and lined for durability. Fabric patterns vary. Cost is \$12.00 per bag.

Let the Bag Lady choose the fabric, but tell her your favorite colors, your interests or preferences (sports, flowers, plaids, teddy bears) and/or your age and gender. Here are some example descriptions to help the Bag Lady make your bag(s):

- for a teenage boy who loves sports
- for a pre-school girl whose favorite color is purple
- for an adult male who likes fishing

Order directly by mail from Jane Taylor. All orders must be pre-paid. Make checks payable to Jane Taylor. Allow 3-4 weeks for delivery. Large quantity orders may take longer.
